

Resident/Occupant File Reach every household in America.

This address file is updated every month in conjunction with the U.S. Post Office, making it the freshest, most deliverable mailing list available. Clients have the ability to order addresses by Carrier Route, ZIP, County or State and all addresses have been DPV approved.

Our Resident/Occupant File does not contain name of residents. Records can be addresses to "Current Resident" or "Occupant" at the address. It is ideal for saturation mailings, especially since this list qualifies for the lowest available postage rates. The list is fully "walk sequenced", which allows for the lowest postage rate available from the Post Office and DPV processed to guarantee delivery.
